

Point And Shoot Camera With Manual Focus

Point And Shoot Camera With Manual Focus - Hi, Most of the compact cameras are point & shoot, There are few cameras with manual settings. The problem is, the specifications about most of the cameras, say it has manual settings (aperture, shutter-speed, ISO etc) but about manual focusing is not clear. textural friction wrote: I would like to buy a point and shoot camera with manual focus. I've been looking at the Lumix DMC-FZ28. Most p&s cameras that do have manual focus use pushbutton focusing, like the power windows on a car. Please suggest a Digital camera with manual focus ring (as in SLR) but low in cost. thanks and regards, Santosh . 0 kenrivers Splendid. Moderator. Dec 29, 2010 ... but could not find another point and shoot with manual ring capability. It has great glass, feels real in your hand and takes great Picts. Good luck! - dwa . 0 D. daveatclifton ...The latest and greatest point-and-shoot cameras offer large sensors, tough bodies, and Autofocus is even faster than the RX100 V, acquiring focus in just 0.03 seconds in . a DSLR, mirrorless, or point-and-shoot camera, check our guide here. .
